At Large - Logan Buffo – At Large – Leavenworth, KS 913-755-3629
At Large - Johnny Shearer – Canton, KS 620-654-6731

TERMS:
The terms of the sale are cash or check. Electronic payments are not accepted. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bidding ends, but the management will attend to loading on trucks in compliance with instructions from the purchasers.

GUARANTEE:
All cattle will sell under the suggested sale terms and conditions of the Kansas Gelbvieh Association.

HEALTH:
Individual health papers will be furnished with each lot sold. A number have been OCV'd.

BIDS:
The auctioneer-in-charge will have final say in regard to all final bids.

PHONE or ONLINE BIDS:
We hope each and every buyer interested can attend the sale in person, but those who cannot may submit phone or online bids to the auctioneer or any of the representatives.

SALE ORDER:
The sale order will be posted prior to the sale online and on site.

CATALOG ERRORS:
Statements from the auction block take precedence over printed material. The most current EPDs from AGA issued registrations were used when available. EPDs are subject to change weekly based on data submitted to the AGA. The most current EPDs are available from the AGA's website at *www.gelbvieh.org*.

Welcome to the KGA "Pick of the Herd" Sale

Dear Cattle Producers and Friends,

On behalf of the KGA Board of Directors and our consigners, Welcome, and thank you for taking time to look through our elite Gelbvieh and Balancer female sale catalog. You will find more than 15 lots of select show heifer prospects, halter broke, clipped and ready to exhibit. There are open yearling heifers and bred heifers for the choosing, along with frozen lots of semen, and embryos. Whether you are a longtime customer or a junior member looking for next year's show heifer and considering our offering for the first time, we appreciate your interest and the opportunity to be part of your next cattle purchase.

Choosing cattle is an investment in the future of your operation. As you review the offering, we invite you to consider your goals, study the individual lots, and ask questions about the cattle that interest you. We want you to feel comfortable with your selections and confident in your buying decisions. Please reach out with any questions as you prepare for sale day. KGA Board numbers are listed in the front of the catalog. We welcome the chance to visit about your needs and help you find cattle that fit your program.

The KGA Pick of the Herd sale has been an annual offering of elite females for over 25 years. It's been said that there have been more national champions come from this sale than any other offering. We have not had an in-person sale since 2019. We are excited to invite you to Abilene for this sale and annual KGA Meeting. Lunch will be served for your convenience and the opportunity to socialize with fellow breeders as you peruse the live lots on display.

To our returning customers, thank you for your continued support. To those joining us for the first time, we look forward to getting acquainted. Your interest means a great deal to us, and we hope this sale is the beginning—or continuation—of a lasting relationship.

Thank you for considering our offering. We look forward to visiting with you on sale day.

Warm regards, KGA Board

Huge middled, square built and has great hair (if you're into that). Her boxy build makes her perfect for today's show trend. Her mother, Diamond, was 5th overall at the 2024 Jr Nationals and two-time Grand Champion Balancer at the Western Regional. Diamond is the ideal frame size and has a near perfect udder. Trey's sire, Rock Star, is a son of 24 Karat out of our best Overtime daughter. He sired the Champion Balancer female at the 2026 Western Regional. Trey will be competitive in the intermediate division at Jr. Nationals this coming summer. Additionally she has the sweetest temperament you will find.

A baby doll disposition that should be beginner friendly! Her dam was a prior show heifer that stood her own at all levels and goes back to the great Empire bull! These PowerDrive calves have flat hit it out of the park with whatever they're mated to! Really soft made, good female here! Don't overlook this one!

3258 is another moderate-framed balancer heifer out of Shilling Angus Forever Lady, with maternal lines tracing to Bank Note and Blue Chip. Her sire, Kingpin, a grandson of Eagle Pass Big Andy, adds the traits that put her at the top of the list as a replacement heifer. She has the phenotype and genetics to work in any program.

We were grateful to be asked to consign in the revitalized KGA Pick of the Herds Sale, and we brought as good of one as we could find from our own small operation. CLGR Loretta 6390P is a 3/4 blood Gelbvieh female that offers a tremendous amount of versatility, being eligible to show as a purebred at next year's Junior Nationals while offering all kinds of mating flexibility, whether your goal is making purebreds or Balancer cattle. She's stout-made, bold-bodied, and loaded with natural power and shape, yet still ties it all together in a feminine, attractive package. While she may not be the most extreme through her neck and throat latch, she's plenty thin through the topside of her neck and is awfully good in the way she balances from her chest floor through her heart and center rib. Her shoulder and knee angle is about as good as you could ask for in a high-percentage female, laying the foundation for the kind of structural integrity and presence that makes her hard to overlook. We think an awful lot of the Kickstart progeny, and this one falls right in stride with what we've come to appreciate about them. A half-sib brother was Man of Few Words, the 2025 Gelbvieh Bull Futurity Champion, while another half-sib sister won her calf division this past summer for the Derossett family. Backed by a highly productive Bieber Energize dam with an awesome udder, and the maternal side of this pedigree gets even more exciting. The proof is in the pudding here! She's the kind that can be highly competitive as a show heifer, but what really gets us excited is the kind of productive, valuable female she has the potential to become when the halter comes off.

Deep red is her color, but purple is in her pedigree! Sired by the 2022 Grand Champion Balancer Bull at both Cattlemen's Congress and NWSS and going back to the 2012 Jr. National Champion Gelbvieh Female, this feminine made heifer is bred for the backdrop. Her super attractive front end and soft hair coat are sure to make for a fun year for the future showman of this heifer!!

Back in September this heifer caught everyone's eye when we released our sale photos, and it's hard not to see why. A moderate, highly attractive heifer that we easily stand behind. We love how she carries that quality look while still being stout down to the ground and out of our AI sire, JLEA Tops Down, who has sired many champions over the years. She's also in the top 10% for CED, and top 5% for BW.

We took Barwick's Master Plan and put it to work in our herd, and I think it's safe to say the plan came together. This Master Plan daughter is exactly the kind we strive to raise. She's an easy feeding type, that is good in her skeleton, attractive in her look, and built to stand the test of time. Her pedigree is backed by a terrific Taubenheim cow that consistently produced quality, year after year. Pixie 8P offers the opportunity to put a plan in place that can work for you, too!

Homozygous black, homozygous polled balancer heifer with tons of future! We really like this heifer from a look and balance standpoint. She's so high tieing and really like the sweep she has to her lower rib. She's sound and correct in her angles and really just believe she's built for the long haul. She's an own daughter out of McCarty's Yasmin Y16 donor who is the dam of past national champion Capitol Hill. Sired by past futurity runner up Post Rock Pay Dirt, who's backed by arguably the most prolific cow and cow family here at the ranch in the 294Z8 donor. Her pedigree is saturated with breed elites, take advantage of the opportunity to buy An awesome show heifer prospect with a tremendous amount of producing potential.

A few years back in 2002 at the Kansas Pick of the Herd sale, I purchased the famous Promises Promises female, it is only fitting that 24 years later we offer one of the best heifers from this outstanding cow family. Perky as we call her is super sleek in her design make up with that cocky front end, deep, soggy bellied, thick-topped and all the extras you want in a great show heifer prospect .She is a maternal sister to SEPT Deja Vu that was 2024 Champion Balancer Female at National Western Stockshow for Lucky Cross Ranch, KS. This female has cow power written all over her with the possibilities being endless. Homozygous Black and Homozygous Polled. Retaining 1/2 embryo interest.

Consigned by Triple K Gelbvieh, Basehor, KS.
This gal comes from two great programs, out of a Barwick cow with deep pedigree going back to Cedar Top Good Night and Davidson Jack Pot. Sired by Overmiller bred and raised Locomotive going back to Rupp Justice and Green Hills Man O War. Paulie Girl is the complete package with pleasing phenotype and powerful genotype. Great disposition. If you're looking for a show heifer prospect look her over. She's already been to the backdrop at the 2026 American Royal as a Reserve Division winner.

American Tottie may be just the red cow you've been searching for! While she is still green due to a lack of time this fall, she continues to improve with each day. She is the first heifer to be born out of the ever-popular SEPT Cosmopolitan, making her an exciting opportunity. Backed by CIRS American Pride, we've added some of the strongest carcass genetics in the breed. Tottie ranks in the top 3% for both YG and CFAT, along with the top 10% for CREA. Don't let her current lack of condition keep you from seeing the potential here. Take her home, get her in the show ring, or turn her out with your replacements and let her go to work for you. She has the pedigree, genetic merit, and potential to make a valuable addition to any program!

A really exciting package that 3L Madea has to offer here. 87.3% female with her WW & YW numbers being in the top 10%. Even with her high percent she's still built clean and attractive out of her front one third and carries plenty of shape back into her hind end. Truly one of the soundest heifers in our spring heifer pen following in her dam's footsteps who Isabel campaigned with great success in 2024.

Offering choice of three high quality females, each bringing something different to the table to suit your needs. Lot 17, 3L Kylie is an 84% purebred female that puts all the pieces together in our minds. She's out of one of Isabel's most prolific cow families, 3L Elle, who won her Bred & Owned Division at Junior Nationals in 2021. We love her depth and added dimension all around while still moving freely when set into motion.

Lot 19, 3L Nikki, the one that checks many boxes. She's 81% and the only black heifer in the pick. But there's a lot to say in this one's pedigree. One of our most proven donors, 3L Skylar is a maternal sister to 3L Nikki. 3L Skylar and her daughters recently campaigned at the 2026 Junior Nationals and found great success, with titles including, Champion Gelbvieh Female, Champion Bred & Owned Female, Reserve Bred & Owned Female, and even 4th Bred & Owned Female. Truly a proven maternal package in 3L Nikki.

A real powerhouse heifer with a bright future, sired by 4H, which has produced some tremendous females. A standout heifer that continues to impress. She has the kind of profile to produce the next elite Gelbvieh herdsire. Sweet Clover's dam consistently has had lower birth weight calves that catch up and some even surpass others by weaning time. Sweet Clover's ratios are birth weight 83,weaning weight 103, yearling weight 107, and she has high indexing values 30/1/1. Open, ready to breed. Selling 100% possession.

Cody & Kaycee truly went deep to the heart of their replacement Gelbvieh herd to find this heifer to offer to you for the Kansas Pick of the Herds offering. Study her pedigree for deep foundation stock. Honor was one of his 1st herd bulls we kept and used. He was a mile long that, raised big, functional, great uttered females. 2556 sure fits the bill. We are only parting with her because she will be a red carrier. Both her dam and sire are red carriers, but she is black hided. The kids choose to focus on Homo Black females to build our base from. There pickiness is your gain! Checked safe to Ellingson Landman 0285 (Angus) for an early February due date.

Consigned by Prairie Breeze Ranch, Bucyrus, KS.
Arata 38368 was the high selling female in the 2021 Post Rock Sale. She is one of the deepest bodied, cleanest fronted females with an extremely good udder. Her dam was a featured donor at Post Rock also. Every Prairie Breeze visitor has found her in the pasture and praised her shape, confirmation and condition; even at twelve years old, she doesn't look a day over five. Mating her to DLGO American Outlaw was an absolute must. He has produced many sought after and high selling herd bulls the last couple years and is a beast to view in person. Selling four conventional embryos, buyer will receive onea as guarantee upfront.

TEN STRAWS OF CONVENTIONAL SEMEN.
OVER Movin Goods 2496M (AMGV1603996) was the high selling bull in the Overmiller 2026 sale going to Raile Cattle Co. As of writing this, he is the only Balancer in the registry with a CED 18 to YW 169 spread. His gain ratio's were incredible: 118 post weaning ADG, 149 gain on grass, 124 ADG post grass. We develop our bulls on grass and he converted grass to pounds like no bull we have had. He did not lose his massive ribbed, easy keeping look even after breeding cows all summer. His mother has earned Dam of Merit status. Selling the first ten units ever, stored at NBS McCook, NE or owners.

FIVE STRAWS OF CONVENTIONAL SEMEN.
Proceeds benefit the Kansas Junior Gelbvieh Association.
Once again a bull we sold to a ranch in North Dakota and have used heavy on heifers with really good luck!! There's been some really good females and bulls sold! Lots of calving ease and maternal in this guy!! Two of his daughters also sell for H3 Gelbvieh in this offering!
